

Exciting News

We are excited to announce that Care Corps and Low Income Ministry will enter into a formal, strategic partnership starting August 1, 2018. This merge will allow the two organizations to better serve clients along the continuum of their needs starting with preventing homelessness, sheltering (when necessary), housing, and then providing ongoing aftercare to prevent higher levels of care. This merge will create a stronger, more efficient organization to best serve clients.

If you have any questions or would like more information about this exciting endeavor, please call Lyndsay at 402-721-3125.
